

22nd September 2023

Dear parents and carers,

School Improvements

I would like to thank Mr Hale and his team at Kingley Vale Tree Care <http://kingleyvaletreecare.co.uk/> for removing our tree that was causing the

wasp problem in the KS2 playground. Thanks to this, we can now provide a safer environment for the children and the contractors working on repairing our roof.

I am pleased to say that they can now work over the weekend and that they are near to completion on this project. I would like to thank you all for your patience during this process.

This is stage one of the roof improvement where we are replacing the flat roof in our school. Next summer is stage two, where the pitched roof will be replaced which will make much overdue improvements to the school.

I am also pleased to say that the drainage work in the KS1 playground has been completed and it was very pleasing to not see the pools of water we usually have when there is a lot of rain. This will now allow us to plan the KS1 playground improvements which you may have seen at the school fair.

Here are some of the structures we are looking to add to our outside reception class provision.
